15. In response to the Supplemental Amendment filed 26 August 1996 (a) applicants should note that the Examiners position WRT claims 6-31 (as set forth in the Office action mailed 4 September 1996) remains unchanged, the aforementioned amendment making no substantive changes to these claims; and (b) WRT claim 32, this claim is hereby included in the rejections set forth in paragraphs 15-16 (it being further noted along this line that there is no apparent support in the specification for the limitation in this claim requiring the melt flow properties of the individual layers to be tailored such that they cooperate to achieve the desired surface coverage) and 19 of the last Office action.

16. The FINALITY of the aforementioned Office action remains in effect/unchanged.

17. Any inquiry concerning this communication should be directed to J. J. Gallagher at telephone number (703) 308-1971.
